KRIEGER SCORES ANOTHER DOUBLE

In hobby stock action, Larry Krieger swept both the oval and figure 8 events for the fourth time this year bringing his total to twelve victories this year.

Krieger started 21st in the 28-car field for the 25-lap hobby stock oval main event, but started moving up quickly as Sue Frandsen paced the early laps. By lap twelve, Krieger had moved into fourth behind Frandsen, Scott Wade and Rick Crow. In a race to a yellow flag on lap thirteen, Krieger moved to the outside passing each of the top three cars to take the lead. After another yellow flag on lap fifteen, Krieger started pulling away from the field. Brian Kelley moved passed Frandsen and Crow on lap 17 to assume second place. Kelley started pulling away from the battle for third, however he had no chance of catching Krieger who was on his way to victory. Finishing behind Kelley were Willie Melvin, Crow, Frandsen and Mike Branam, who were the only other drivers on the lead lap.

Crow moved into the lead at the start of the 15-lap hobby stock figure 8 feature and started pulling away from the field. Kelley worked his way into second and started after Crow. Krieger moved into third on lap seven. On lap eight, Duff and Kelley came to the intersection at the same time, and with brakes locked, they slid into one another bringing out a red flag. For the restart, Crow still had the lead, but Krieger was now in second. Krieger moved by Crow into the lead on lap ten and pulled away to the victory. Crow faded in the final laps as Rip Michaels took second followed by Joe Barreras Jr., George Nunes and Crow.
